

SUR60P4S

Gross capacity, total	141 l
Product dimensions	60 / 56 / 83 cm
Energy consumption in 24h	0.11 kWh /24h

Control and functions

Control	Electronic control system
Temperature range	+1°C to + 10°C
Temperature display	external digital

Design and features

Side wall material	Stainless steel (AISI430)
Color	Stainless steel
Door/Cover material	Double-glazed door
Self-closing door	√
Door hinges	right (Left Optional)
Material of interior containers	HIPS
Material of Exterior containers	Stainless steel 430
Number of storage shelves	2
Shelf material	Grid shelves metallized , transparent powder-coated
Shelf loading capacity	45 kg
Handle	Door(Interior Plastic(HIPS)

Material of adjustable feet

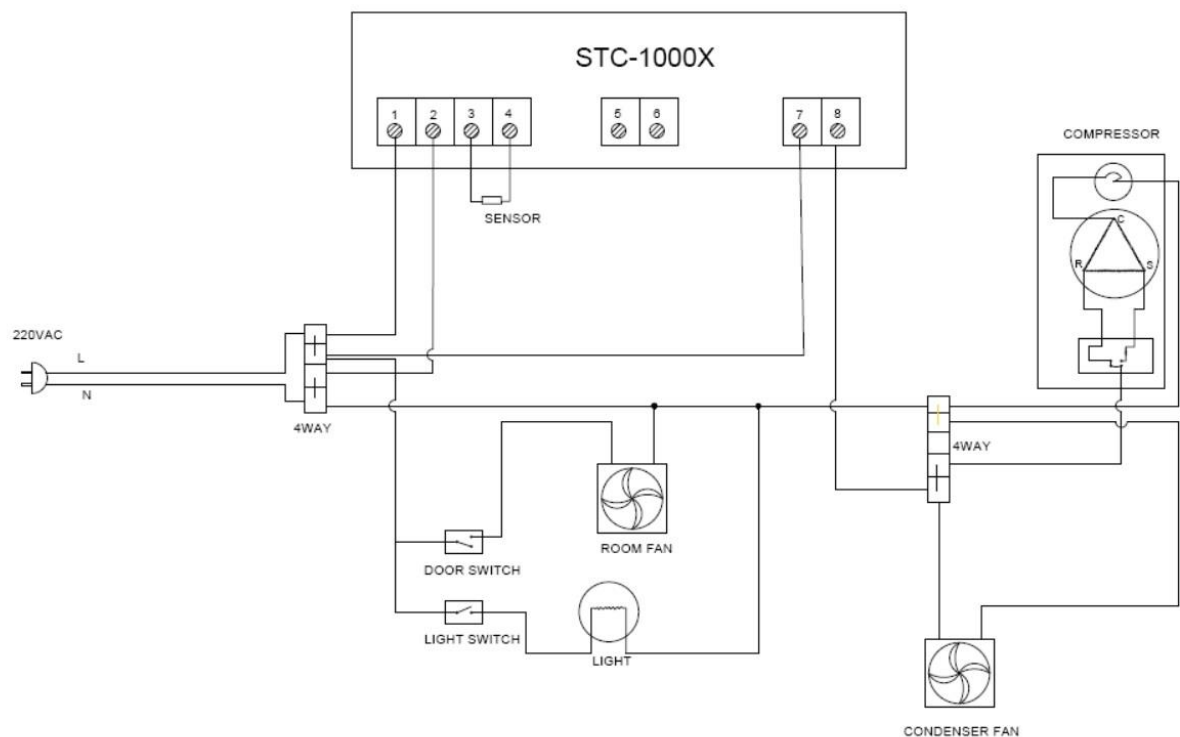

Steel, zincd

Output and consumption

Energy consumption in 24h	0.11 kWh /24h
Climate class	N
Noise level	45 dB
Net capacity, total	141l
Refrigerant	R 134a
Cooling system	static
Defrosting method	auto defrost
Voltage	220-240 V
Frequency	50 Hz
Current(Max)	1.0 A

Dimensions and weight

Product dimensions (H/W/D)	60 / 56 / 83 cm
Weight (with packaging)	56.20 Kg
Weight (Without packaging)	52.170 Kg

Menu instruction

Code	Function	Set range	Default
F1	Temperature set value	5	10.0 °C
F2	Difference set value	2	3 °C
F3	Compressor delay time	1	3 minutes
F4	Temperature calibration value	-	-0.5 °C
